BULLETIN NUMBER 2004-01 (Issued upon January 21, 2004)

To: All South Carolina Licensed Property and Casualty Insurance Producers and Interested Parties

From: Ernst N. Csiszar 

Subject: Requirements for Sponsoring Property and Casualty Broker Prelicensing Education Classes

I. PURPOSE

The purpose of this bulletin is to clarify the prelicensing requirements for property and casualty insurance producers seeking to be licensed as property and casualty insurance brokers. During the 2003 Legislative Session of the South Carolina General Assembly, the requirements for property and casualty insurance broker licensing changed. Licensed property and casualty insurance producers no longer have to wait two years before they are eligible for licensure as a broker; effective January 31, 2004, the statutes will allow licensed property and casualty insurance producers to be licensed as a broker immediately upon completion of a twelve-hour classroom course. Consequently, South Carolina Code Section 38-45-20 allows the Director to approve course subjects related to brokers and/or surplus lines. While the broker prelicensing course was specifically designed for prelicensing educational purposes, it may also be used for twelve hours of continuing education credit, provided the sponsor files the appropriate continuing education course paperwork and receives approval from the South Carolina Department of Insurance.

The Director has approved the following for broker prelicensing education requirements. Classes may begin when the sponsor has received notice of course approval from the Department.
